Manager, Product and Solutions Manager

The Director of Marketing is seeking a highly strategic and innovative Manager for the Product & Solutions Marketing team, who will lead the go-to-market strategy and drive market success for Axis products, solutions and services portfolio across the Americas. You will play a critical role to define our value proposition and ensure our communicated product positioning is differentiated, clear, and defensible.

[View](#) [Apply](#)

Logistics Specialist

The Logistics Specialist role offers the opportunity to learn the transportation and logistics industry in a progressive environment over a 3-6 months. During that time, you will develop the skills necessary to be successful in freight forwarding and brokerage sales. Transportation terminology, process and procedures, effective communication, relationship building, creative solution design, sales, and negotiating are many of the core concepts taught and used with this role.
